

Release notes

MWell 18.1.1.2

06-11-2017

Limitations

MGEOLIB-854 Input files created with versions older than MWell 3.2 are no longer supported. When you want to read an old file you can use version 16.1 and save it with a different name.

Fixed bugs

None

Improvements

MWE-336 Improved progress bar when calculating.
MWE-406 Improved display of contour plots, when the values are very small.
MWE-416 Changed in Profile dialog: "Specific Storage" into "Storativity".
