RH4 is the free access correct or is the march 4 event also part of that > not clear
Rijnaarts, Huub; 17-1-2021

SM1 4 maart is ook vrij toegankelijk, maar weet nog niet of deze door gaat (de extra events worden nu ingepland, maar weet nog niet of we 4 maart al redden...). heb het aangepast in de presentatie

AquaConSoil topics

Red line

To connect sustainable use to management of soil, sediment and water resources

AquaConSoil Mission

To retain, promote and initiate transitions to a vital and healthy soil-water system

We aim to:

- Connect people from
 - policy, science, businesses and practice
 - a wide array of disciplines
- Seek approaches and opportunities towards solutions
- Work at multiple scales and for diverse contexts

Topics

1. Vital & resilient soil-sediment-water systems
2. Smart solutions for urbanizing areas of the world
3. Smart tools and methods to connect people, planet, profit
4. Integrated management of contaminated land
5. Sustainable remediation technologies in context of European Green Deal and energy transition

Slide 8

RH1 this too late!!! I would say, the same as call, 14th of February!!!
Rijnaarts, Huub; 17-1-2021

SM2 Eens en doen ons best te realiseren. Is administratief echter ingewikkeld (samenwerking tussen websitebouwers en onze financiële afdeling, o.a. vanwege nieuwe opzet en slechte ervaringen vorige edities moet het helemaal anders dan voorheen). Kunnen ook neerzetten: "ticket sales start as soon as possible". Ik heb dit weekend even zitten broeden op een alternatieve manier om de ticket sales eerder open te gooien. hopelijk lukt het dan wel al 14 februari.
